Paytm's fall and the new challengers

Paytm went from 12.7% to 7.0% of volume in 2024 after the RBI restricted Paytm Payments Bank. Since mid-2024, newer apps like Navi have been taking share from the top two.

Share of UPI transactions

Top apps in Sep 2026 and change vs Sep 2025

App	Transactions (mn)	Share	Change vs Sep 2025
PhonePe	10,907	45.6%	-0.9%
